

BUILDING PRINCIPAL AND CLASSROOM TEACHER EVALUATION

In accordance with state law and regulation, it is the goal of the Board of Education to have a high quality evaluation program for staff including building principals and classroom teachers which results in an effective teacher in every classroom and an effective leader in every building in the district. In order to achieve that goal, the Superintendent of Schools shall be responsible for ensuring that building principals and classroom teachers are evaluated annually, in accordance with state law and regulation. Evaluations will be a significant factor in employment decisions, including, but not limited to, promotion, retention, tenure determination, termination and supplemental compensation.

Annual Professional Performance Review Plan

The district will submit the required annual professional performance review plan to the State Education Department in a timely manner, in conformance with state law, Regents Rules and Commissioner's Regulations. The Superintendent will provide periodic reports to the Board of Education on the progress of negotiations regarding the negotiable parts of the plan, salient information about the preparation of the plan, present the plan for Board approval and apprise the Board when the plan has been approved by the State.

The plan shall include a description of the required elements, including the following:

- (a) the process for transmitting accurate data to the State Education Department,
- (b) scoring methods that ensures the integrity of the testing process,

- (d) how timely and constructive feedback from evaluations will be provided;
- (e) plans to improve teacher performance for those rated ineffective, and
- (f) training for evaluators.

Once the district has received approval of the plan by the State Education Department, the plan will be posted on the district's website within 10 days, or by September 10th, whichever is later.

Classroom Teachers and Principals (covered by Education Law §3012-c)

Classroom teachers and buildings principals will receive a composite performance rating as part of the annual professional performance review, in accordance with state law, by September 1st of the following school year. The composite performance rating will fall into one of four categories: highly effective; effective; developing and ineffective. This composite rating will be made up of multiple measures of effectiveness and will include student performance on state and local tests, in accordance with the terms of the annual professional performance review plan.

Teacher and Principal Improvement Plans

When a teacher or principal is rated as developing or ineffective as a result of the annual performance review, the Superintendent or his/her designee must formulate and commence an improvement plan (TIP/PIP). The improvement plan will be developed in accordance with negotiated agreements, but must be in place no later than 10 school days from the opening of classes in the school year following the school year for which the performance was rated. The Superintendent will prepare an annual summary report for the Board on the number of TIPs/PIPs issued and other relevant data to support assessment of the effectiveness of the district's approach to improvement plans. In the event that the assessment reveals that progress isn't being made, the administration will recommend changes to the approach.

Appeals

For classroom teachers and principals, an appeal of an evaluation may be commenced once the composite evaluation score has been received. The right to appeal and the process of the appeal is prescribed by the annual professional performance review plan.

Training

The Superintendent is the lead evaluator for the district and shall plan his/her own professional development in order to maintain his/her expertise in this area. The Superintendent shall ensure that all staff that are required to evaluate other staff are provided appropriate and sufficient training in assessment and evaluation, in accordance with state law and regulation.

Reporting and Public Disclosure

In accordance with state law, the district will make aggregate information from the classroom teacher and building principal annual professional performance system available on the district website. This summary information will not include personally identifiable data.

Upon request from a parent or legal guardian, the district will provide the final quality rating and composite effectiveness score for each of the classroom teachers and for the building principal to which the student is assigned. The district will take reasonable steps to review the request to verify that the parent/guardian is entitled to the information. The Superintendent will develop procedures to implement this provision of the policy.
