Rainbow Banquet Hall (Pecks), Altona
Social Hour 4:15 – 5:00 p.m. Dinner 5:00 p.m.
Program following immediately after dinner.
A cash bar will be available.

CLASS OF 1976 BIOGRAPHIES

David Baker: After graduating at midyear, I started college at Clinton Community. I earned my degree in Criminal Justice in 1978. I then worked a short time in state corrections, I worked for three years at Diamond, 21 years at Georgia Pacific, and 14 months at Wyeth. Due to cutbacks at Wyeth, I then returned to GP. They in turn also started cutting back. I was employed at the Clinton County Sheriff's department for 16 1/2 years before retiring in 2021. I married my wife Charlene (Supernaw) in 1982 and we had three boys (Cory, Kyle, and Benjamin). Our boys all graduated from CCRS and all live in the area. We are the proud grandparents to five grandchildren (Parker, Kelsey, Ryleigh, Caleb, and Matthew). Over the years I have greatly enjoyed watching our soccer teams become a dynasty. I have pretty much lived in Chazy or the surrounding area after graduating.

Gerald (Gerry) R. Beggs: I stayed in Chazy after graduation and began working on our family's farm. I met my wife Sharon in 1980 on a blind date. We married in 1982 and have two sons: Dan and David. My first job away from the family farm was at Bay View Dairy. Then in 1987, I began working for New York State Department of Transportation. I'm retired now. My wife and I built our retirement home in 2019 right across the road from our first home. Our kids are our next-door neighbors. We get to see our four grandchildren every day. All of them attend Chazy Central Rural School. We've traveled across the country twice, camped more, visited friends in Florida, and took a few more cruises. However, we love living in the North Country and watching our family grow.

James (Jim) Beggs: After graduating, I dedicated 26 years to working on my family's farm. In 1978, I married Shirley Castine, and together we raised two daughters, Jamie and Laurie Beggs, both are graduates of CCRS. Laurie later gave us the joy of two grandchildren. After twenty years of marriage, Shirley and I divorced. In 1988, I received an award that remains a highlight in my life: the Outstanding Young Farmer of New York State. I was involved with the Clinton County Farm Bureau for five years and taught tractor driving courses to 4-H youth. In 1999, I married Chantelle Lincourt and became stepfather to her son, Joey Garrant. Joey and his wife, Abby LaDue, are also CCRS graduates. They have enriched our family with two grandchildren. Due to health concerns, I retired from farming and concluded my career at Giroux's Poultry. I enjoyed hunting, snowmobiling, and spending time with horses.

Dean Benware: After Chazy, I earned an AAS in Laboratory Technology and a BA in Sociology. I worked in Health and Human services for a number of years from team member to manager. I worked as the QC for a dairy plant and worked as QA/QC for two Equine drug testing labs. I am finishing my working career at Toyota manufacturing. I have served in volunteer mission work in Haiti from 1990 to present. I was a volunteer fire department company captain for several years. Also, for several years I was an AEMT-3 with a volunteer ambulance service. My hobbies are reading, gardening, and landscaping my yard.

Stephanie Brown-Mavor: The Monday after graduation I started working for a forwarding Service in Champlain. Five years later I bought the company with a downpayment from my dad. I have been here for 50 years. I bought another warehouse and transport company 6 years ago and I operate *What's in Store* on Main Street (when employees are available). My parents, Cricket, Shan, Steve, and their families still or have all worked with me at one time or another. I also have the support of my husband Pete (a Red Sox fan from Maine) and his son Alan who is by my side every day. My spare time is spent with Alan's sons ages 13 and 15. I take them skiing, we play tennis, baseball with our family and friends at my parents', and watch football. I have many memories of our years at CCRS. I wish all my classmates the best of health and happiness!

Lynn Bruette Trombly: Where have 50 years gone? For me, graduation was followed by one semester at PSUC. Fall of 1977, I started at OLVA Secretarial School in the 2yr. Executive Secretary Program. That was much more my fit even though I was never allowed to take any business courses in high school. Halfway through that program, I married another CCRS alumnus, Rick Trombly, class of '70. After completion of school, I went on to work for Latremore's Insurance Agency for about 38 years. It was a stressful job right to the end, but Glenn and Mary Latremore were the best bosses. A couple "fun" jobs followed working alongside Kathy Ryan at her restaurant and also working for Stephanie Brown at her warehouse in Champlain. In July, Rick and I will celebrate 48 years. We have two sons and a daughter who have given us two grandsons and a precious granddaughter.

Tim Doran: I earned a Criminal Justice Degree from Clinton Community College and started at the Clinton County Sheriff's Department where I was a Deputy from 1983 -87. My federal career was as a Corrections Officer at the Federal Prison in Ray Brook, NY until I started my 36-year career with the U.S. Customs Service/CBP. With Customs, I've worked at JFK airport as an Import Specialist, transferring to Inspections at Champlain, NY; Montreal Pre Clearance; Richford, VT; Calgary Pre Clearance; Williston Vetting Center (NEXUS/GLOBAL Programs); National Targeting Center (HQ – Northern Virginia); Shannon Ireland Pre Clearance; and finally back to Champlain where I retired. I met my bride, Sylvie, in 1991 and at the same time I inherited her five children. I adopted the youngest on her 18th birthday, which was one of the proudest days of my life. I have seven beautiful grandchildren in Laval and Manassas, VA. We now live in Chazy.

Lee Duprey: After graduation, I worked on Mike Russell's farm. I was very fortunate to work with my dad for West Brothers. I worked as a technician for United Ag and Turf for 22 years. I met Maria Rivera in 1981; she asked me to marry her. Saying yes was one of the smartest things I've done. We've been married for 41 years and have three children: Chandra, Moses, and Sydney. Chandra married Luke Haub in 2022. He has an upholstery business, and they both do volunteer work. Moses married Tracie Brown in 2011 and in 2017 gave us our granddaughter Autumn. Moses followed his grandfather into construction. Our youngest daughter, Sydney, is a traveler, both abroad and within the US. We're very fortunate they all live close by. Maria and I are enjoying our retirement with Jeep rides, puttering around with my old tractors, and generally letting the rough side drag.

Ed Glanc: After graduation, I attended Plattsburgh State University and earned a BA in Psychology. I then attended Clarkson University where I received an MBA with a concentration in Organizational Behavior. It was then I decided to forego the corporate world for something else I'd been doing. During the summers I was in college, I worked for my father finishing drywall. I continued with this work until I developed a bad knee and hip about four years ago. I married Lynne Sampica in 1992. We purchased a house in Chazy and have been here ever since.

Ralph Hobson: I left Chazy for Edson, KS, during the spring of '77 to join a custom cutter crew, for seven years running combines in the Midwest while learning how machines work. I also worked in an underground molybdenum mine in Colorado, drilling, blasting, and mucking granite. In 1987, I graduated from U-Maine with an engineering degree and then worked for an electric utility company where I learned more about how machines work. That led to an international engineering company designing and building machines and systems in the US and abroad. In 2004, I co-founded an engineering company in central Vermont specializing in turbomachinery design and development for industrial and government clients. I live with my beautiful wife JoAnn in central Vermont. We are active, healthy and enjoy bicycling, Nordic skating, snow sports, and the mountains. I can repair any machine we own but remain clueless about how my wife's mind works.

Cathy Labare: After graduation, I began my college education that included nursing. However, it did not take long for me to realize that nursing and I were not made for each other. Fortunately, my mother encouraged me to remain within the medical field and introduced me to Laboratory Science. This shift in direction proved to be exactly what I needed. I discovered a passion for laboratory testing, which suited my skills and interests perfectly. During this time, I met John Edwards, who would become the love of my life. John came with two young daughters. It was a BOGO sale of buy one, get two free. My career in the laboratory spanned 42 years, during which I worked at CVPH and Wyeth. I remained dedicated to my profession until my retirement in 2024. Since retiring, I have channeled my creativity into making and selling jewelry at local farmer's markets and craft fairs.

Leo Laurin: After graduation, I worked on our family's farm and in the summers, I operated a small excavation business digging ditches and leveling land. (Yes, I was a ditch digger.) During this time, I met and married the love of my life, Susan Roberts. Together we're the proud parents of two young men and grandparents of two grandsons. I sold my excavator and began working at Chazy Hardware before being hired at Wyeth. I was employed at Wyeth for 18 years, where I retired when Pfizer made the decision to close the company. I took a job working at Mylan Pharmaceuticals in Vermont. Five years of driving between West Chazy and St. Albans, lost its appeal. I left Mylan and started working for Schluter Systems in Plattsburgh. In 2024, I finally retired for good! Now Sue and I spend time working on our property and spending time with our family.

Steven Perry: After graduation I had no plans to further my education. In 1977, I worked for Lake Champlain Pools until my departure for San Diego, CA in February of 1979. I met my wife Janet from Boston, MA in 1982. We were married in San Diego, CA in 1984. My first daughter Torey was born in 1985 and in 1987 my daughter Chelsea was born. After the children were born, my wife and I got a little homesick for the east coast. We wanted family around for my children to grow up with. In 1989, we loaded up the car and a U-Haul and headed for Chazy. My girls grew up in the same town and graduated from the same school as I did. How cool is that, man? I lost my wife in November 2021 to breast cancer.

Dorothy Brunell: After graduation, I attended Champlain College in Burlington, Vermont, earning an AAS degree in 1978 and later a BS degree. In the fall of 1978, I began my career at Wyeth Laboratories, where I worked until the closure of the Chazy Research Facility in 2010. I married Hermon Brunell in May 1979, and together we made our home on Angelville Road in Chazy, where we have lived for the past 47 years and raised our family. We have two children: our daughter, Kate, who lives in Plattsburgh with her husband, Matt, and their children, Ben, and Josie; and our son, Drew, who lives on the Brunell family farm in Chazy with his wife, Ashley, and their sons, Luke and Lane. Following the closure of Pfizer, I worked at Bombardier Transportation for ten years. I am now semi-retired and enjoy spending time with my grandchildren, reading, baking and gardening.

Randy Rabideau: After graduating, I worked for a couple of years then attended Morrisville Ag and Tech. Two years went by and I worked at several different places managing greenhouses, garden centers and nurseries when a back injury forced a career change. I went back to school and earned two degrees in Culinary Arts and Hotel Restaurant Management (member national honor society Phi Theta Kappa). Upon graduating, I spent two weeks in Greece, toured the Greek Islands as well as Turkey - anyway, that pivot turned into a passion for FOOD! I worked my way up from Cook to Executive Chef. That role became my professional home until my retirement in 2024. I went from growing things to crafting memorable meals on a plate. My journey has been anything but ordinary.

Maynard Rougier: My journey began in the military and then to the Sheriff's department. I moved west to travel: Reno, California, and Los Vegas. I was blessed with two beautiful, smart children, my biggest blessings along with my loving family, and great friends. I traveled to many places of interest, Japan, Scotland, London, China, Mongolia. I did deep dive into spirituality to find something greater than myself: nature, humanity, purpose, inner peace. I enjoyed riding motorcycles, camping, traveling, and collecting antiques. I enjoyed being in unfamiliar places, lots of bumpy roads, earning to slow down, keeping my eyes on the road, and my hands on the wheel. I met so many beautiful people on their life journeys. Now it's time to reflect on my journey and to share my experiences/life challenges, share great memories, and to enjoy my children growing, becoming loving people. The best antiques are my old friends. I have many cherished memories and am honored to be part of the legacy of CCRS. Peace Dream Weavers!

Tim Ryan: After graduation, I spent 10 years as a draftsman and retired as drafting instructor for NYSDOC after 30 years. In 1979, I married my prom date, Kathy Duffina, and we are lifelong residents of Chazy. We have four children and 12 grandchildren. I enjoyed playing soccer into my 40's and now get to enjoy watching my family play. I enjoyed fishing which led to the founding of the annual Happy Pike Fishing Derby for 35 years, which then led us into running our own Happy Pike restaurant for 11 years. I've been an active member of the Chazy Lions Club for 20+ years. We have traveled all over the country visiting family and friends. We made our way to Ireland to visit my many relatives. We are currently enjoying our retirement at our camp by the lake with family and friends and playing Santa and Mrs. Claus for the community. Slainte'

Cindy Salimando Brunelle: Growing up in a grocery store was wild from day one! From Mafia smuggling cigarettes in delivery trucks, to gypsies camping near the A&W, to counterfeit money and the Canadian Royal Mounted Police, we were scared silly. After graduation a surprise experiment by the U.S. Army was not optional. It was designed to measure a woman's ability to withstand men's basic training. Ultimately, I was the last woman standing in a platoon of 50 in "hand to hand combat". I had a rewarding career in Nursing for 48 years; I still work part time. I enjoy caring for 22 animals: cats, dogs, horses and one miniature donkey, Lola. I have a daughter, Andrea, and a grandson, Landon, who have fulfilled my life. I married Charlie Brunelle who predeceased me in 2014. A favorite prayer passage of mine is, "there is work still waiting for you, so you must not idly stand".

Lee Sanger: In May 1979, I met Kim Tolosky and fell in love. After she graduated from x-ray school at CVPH in November 1981, we moved to Jacksonville, Florida, where we lived for nine years and married in 1983. I began working for a private utility company that recommended me for a four-year lineman training program. In July 1988, I became an IBEW Journeyman Lineman, working on energized extra high voltage lines up to 180,000 volts. Despite building our life in Florida, we missed home and my father needed help in the sugarhouse. In fall 1990, Kim's experience in the emerging MRI field allowed us to return when CVPH installed its first MRI scanner. I worked for the Plattsburgh Air Force Base closing commission as a high voltage lineman and later with Triangle Electric installing solar systems. In 2000, we assumed full operation of Sanger's Sugar House, continuing a proud three-generation family tradition.

Tom Souza: I am a financial advisor based in Delray Beach, Florida, where I have built a life rooted in family, community, and service. I have been married to my wife, MaryAnne, for 41 years, and together we have three sons—Daniel, Nicholas, and Zachary. Our family has grown to include three daughters-in-law: Crysaly, Jessie, and Alexa, and four beloved grandchildren: Maddy, Ava, Hayden, and Charlotte, who lovingly call me "Papa". Family is at the heart of everything I do, and this same dedication carries into my work helping individuals and families plan for their financial futures.

Jean Stevenson Sisley: After graduation, I spent a year at SUNY Plattsburgh and then moved to Cleveland, Ohio. I worked for an office supply company with three offices until the business closed. But I met my husband while working there. We have three children, two boys and one girl, who we lost at 23 due to a rare form of ovarian cancer. Over the years, we've traveled to Europe several times as well as to destinations throughout the U.S with my husband's company. After being a stay-at-home mom for six years (until the youngest two started school) I went back to work (so I could rest, lol) and earned my insurance license. I've been working at Progressive Insurance for 26 years and am still employed there now with no plans on retiring in the near future.

Mary Vassar Trombly: I attended CVPH School of Nursing and was in their last class. Their 3-year diploma program was moved to Clinton Community College and became a 2-year Associate Degree program. While attending nursing school, I worked part time as a nurse's aide at CVPH. Upon graduation, I transitioned to the role of Registered Nurse and worked there until my retirement in 2019. I married Kevin Vassar in September 1979. We have two children: daughter, Shannon (CCRS 1998), and son, Shane (CCRS 2002). Retirement has been spending time with our grandson, Ryan, and checking off bucket list items: Grand Canyon; Old Faithful in Yellowstone; Grand Teton National Park; Four Corners Monument and Walnut Canyon National Monument (cliff dwellings). While in Arizona, we attended a World Series game; 2 NASCAR Championship races; and 2 NHL Coyotes games (before they moved to Salt Lake City, Utah and became the Mammoth). What's next???

Kathleen Whalen-Schultze: After graduating, I attended SUNY Plattsburgh, where I initially majored in nursing, but graduated with a BA in Speech and Hearing Communications in 1980. Next, I joined the U.S. Air Force as a Computer Programmer and spent 24 years assigned primarily to the Midwest, with one deployment to Turkey. During my service, I married and had one son, James. After my first marriage ended, I met my husband, Erwin (Erv) Schultze. Following my Air Force retirement, in 2004, I worked as an IT federal contractor for the Department of Defense and currently support the Department of Veterans Affairs Veterans Health Administration. My career spans a broad range of IT disciplines, including development, testing, security, networking, services, and data. Erv and I live and work remotely from Stafford, Virginia, supporting the mission of serving veterans through our professions.

Additional members of the Class of 1976: Richard Ashline, Leslie Billow, Sheryl Blow (Alexander), Donna Bocare (Barrie), James Bushey, Mark Bushey, Jeffrey Chapman, Kim Congleton, Kevin Cote, John Courtney, Julie Farber (Andrschat), Christine Giroux (Ashley), Sheri Hazen (Friedrich), David Higgins, Mary Keable (Durocher), Jon Paul Legault, Cathy Mooney (McCann), Joseph Roberts, Joanne Sears (Sheridan), Brenda Seymour (Goddeau), Peter Souza, Denise Tetreault (Collins), Brian Trombly, William Wilson

Deceased members of the Class of 1976: Jeff Oliver, Michael Rushford, Allison Taylor

Betty Jane Carl McDermott 1949

CCRS EDUCATION FOUNDATION

Greetings CCRS Alumni!

Again this year we express our gratitude for your help this past year. Your donations and enthusiasm have helped the CCRSEF continue to fund projects that our teachers need for their classrooms and students. We are proud to have funded grants of all kinds over the years, including scientific calculators, comfort seating to help students focus, musical instruments and cases, 3D printers for STEM classes, mats and weights for the gym, assistance to our global award-winning Harvard Model UN team, and so much more. Your generosity has helped us to provide crucial educational materials that are above and beyond the annual school budget.

Please join us for a CCRSEF Trivia Night – August 7th from 5:00 – 8:00pm

\$10 per person with a Michigan Dinner included!

Location – Knights of Columbus Hall, Champlain, NY

BOARD OF DIRECTORS

President: Lori LaFave '87 **Vice President:** Chris Keuleman '89 **Treasurer:** Rosemary Souza Botten '81

ALUMNI IN THE NEWS

The Alumni Association is looking to share any and all news from our illustrious graduates. Please share your news by emailing: alumniassociationCCRS@outlook.com

Robert McAuliffe (Class of 1990) ushered in the 1000th CCRS boys' soccer program-win since its inception in 1965 in October 2025.

Lee Barcomb (Class of 1991) was awarded the Chazy Volunteer Fire Department Service Award for his 25 years of dedicated service in December 2025.

Lori LaFave (Class of 1987) and **Gayle (Bechard) Woodruff** (Class of 1973) flew to Washington DC in October 2025 to join High School English Teacher, David K. Martin while he toured with the North Country Honor Flight #67.

Brandi (Billiter) Lloyd (Class of 1992) was elected Clinton County Clerk in November 2025.

Sarah (Russell) Locke (Class of 1998) published her first book, *Living Out Loud* in October 2025. The book shares her journey living with MS. She also conducted a lecture and book signing at the Chazy Public Library in December 2025.

Michele Carpentier (Class of 1973) was awarded a Proclamation from Assemblyman Billy Jones for Women of Distinction [Education] Award in May 2025.

Cierra (Bushey) Bell (Class of 2004) started her Champlain, NY business *Corbeau Creek Herbal Creations* in 2023.

Karen Davis (Class of 1990) hosted the Opening Day of her new business *In the Mix Bakeshop* in Plattsburgh, NY in July 2025.

Jonah Curtin (Class of 2008) raised money through his fundraiser, "Footsteps for Success" that allowed a pair of shoes to be delivered to each of the 135 school students at Semillerowith of El Patojismo, Guatemala in January 2026.

Ava McAuliffe (Class of 2025) set the record for women's indoor 400m running school record at Iona University in May 2025.

Marrienne (Latour) Cooper (Class of 2006) was awarded the 2026-2027 Teacher and Support Employee of the Year at the Dutch Fork Elementary School Academy, Irmo NC.

Tanya Parrott (Class of 1992) was a contestant on the TV Game Show, *Jeopardy* in December 2022.

IMPORTANT INFORMATION ON THE ALUMNI SCHOLARSHIP FUND

Note to parents regarding scholarship eligibility: In order to apply for an Alumni Scholarship, the parent/guardian of the student applicant must be a paid member of the Alumni Association of CCRS for three years prior to the student's application and be a member in good standing the year of the student's graduation. All dues must be paid by December 31 of the four years immediately preceding the awarding of the scholarship.

Please contact the CCRS Guidance Office for the complete scholarship application package.

ALUMNI YEARBOOK PARTNERS...

are graduates of CCRS who value the creation of a quality yearbook enough to make a donation to the Aquila. We gratefully list their names here:

EAGLE PARTNERS - \$200 and above

Anonymous Donor CCRS Alumni Association

GOLD PARTNERS - \$100 - \$199

Christine Bradley Spink '70

SILVER PARTNERS - \$50- \$99

Cindy Jensen Bruneau '78 Gayle Bechard Woodruff '73

BRONZE PARTNERS - \$1 - \$49

Hayden Clay '25 Ethan Sterling '25 Kaylob Lapham '25
Novak Jarus '25 Hudson Ziel '25 Christopher Pilon '25
Nancy Powers Vesco '77

CCRS graduates! Please consider representing your graduation year and helping our yearbook with a donation to the Aquila. Even a small donation will get your name and year of graduation listed.

Checks may be made payable to: CCRS Yearbook Club
Mail donations to: CCRS Yearbook Club, 609 Miner Farm Road, Chazy, NY 12921 or drop off at the CCRS Main Office.

Thank you, Eagles!

Notice the new logo?

This new logo was designed as part of a contest with current CCRS students. The winning design was the artistic talent of CCRS Junior, Andrei Thirtheu and is now the official logo of the Alumni Association. Congratulations, Andy, on your award-winning design which beautifully captures the spirit of CCRS!
